Jump Then Fall

Taylor Swift

I like the way you sound in the morning We're on the phone and without a warning I realize your love is the best sound I have ever heard I like the way I can't keep my focus I watch you talk, you didn't notice I hear the words, but all I can think is We should be together Every time you smile, I smile And every time you shine, I'll shine for you Whoa, I'm feeling you baby Don't be afraid to Jump then fall Jump then fall into me Baby, I'm never gonna leave you Say that you wanna be with me too 'Cause I'm gonna stay through it all So jump then fall Well, I like the way your hair falls in your face You got the keys to me, I love each freckle on your face Oh, I've never been so wrapped up, honey I like the way you're everything I ever wanted I had time to think it over And all I can say is come closer Take a deep breath and jump Then fall into me 'Cause every time you smile, I smile And every time you shine, I'll shine for you Whoa, I'm feeling you baby Don't be afraid to Jump then fall Jump then fall into me Baby, I'm never gonna leave you Say that you wanna be with me too 'Cause I'm gonna stay through it all So jump then fall The bottom's gonna drop out from under our feet

I'll catch you, I'll catch you
When people say things that bring you to your knees

I'll catch you

The time is gonna come when you're so mad you could cry But I'll hold you though the night until you smile

> Whoa oh, I need you baby Don't be afraid please

> > Jump then fall

Jump then fall into me

Baby, I'm never gonna leave you

Say that you wanna be with me, too

'Cause I'm gonna stay through it all

So jump then fall

Jump then fall, baby

Jump then fall into me, into me, into me

Every time you smile, I smile

And every time you shine, I'll shine

And every time you're here, baby, I'll show you

I'll show you, you can

Jump then fall

Jump then fall

Jump then fall

Into me, into me
