

Sorry

Jonas Brothers

Broken hearts and last goodbyes
Restless nights by lullabies helps make this pain go away
I realize I let you down, told you that I'd be around
Building up the strength just to say
I'm sorry for breaking all the promises
That I wasn't around to keep
You told me this time is the last time
That I will ever beg you to stay
But you're already on your way
Filled with sorrow, filled with pain
Knowing that I am to blame for leaving your heart out in the rain
And I know you're going to walk away
Leave me with the price to pay, before you go I wanted to say
That I'm sorry for breaking all the promises
That I wasn't around to keep
You told me this time is the last time
I will ever beg you to stay
But you're already on your way
I can't make it alive on my own
But if you have to go then please girl just leave me alone
'Cause I don't wanna see you and me going our separate ways
Begging you to stay if it isn't too late
I'm sorry for breaking all the promises
That I wasn't around to keep
It's all of me, this time is the last time
I will ever beg you to stay
But you're already on your way
But you're already on your way
