

Sensitized

Kylie Minogue

Sensitized
By every word that you say
Boy, you got me messed up
But I like it that way
Tantalized
Just too good to refuse
When I try to stop you
You keep blowing my fuse
Can't deny
How hot I'm feeling
If my body could fly
I'd hit the ceiling 'cause I
Can't hold back, the minute I try
Baby, you trip the switch and I'm sensitized
Every touch, whatever you do
Baby, you trip the switch, I turn on for you
I turn on for you
Energized
By all the pleasure and pain
Boy, you got that something
That burns a spark to a flame
Look at me
You got me begging for more
'Cause you got that one thing
I ain't discovered before
Can't deny
How rude I'm feeling
If my body could talk
You'd hear me screaming 'cause I
I can't hold back, the minute I try
Baby, you trip the switch and I'm sensitized
Every touch, whatever you do
Baby, you trip the switch, I turn on for you
I turn on for you
I'm sensitized tonight
And you can watch me come alive
I'm sensitized tonight
And you can watch me come alive
I'm sensitized tonight

And you can watch me come alive
I'm sensitized tonight
I'm sensitized tonight
Can't hold back, the minute I try
Baby, you trip the switch and I'm sensitized
Every touch, whatever you do
Baby, you trip the switch, I turn on for you
I turn on for you
I come alive
Baby, you know it's true, I feel this for you
I come alive
Baby, you know it's true, I feel this for you
Can't hold back, the minute I try
Baby, you trip the switch and I'm sensitized
Every touch, whatever you do
Baby, you trip the switch, I turn on for you
I turn on for you
I come alive
I come alive
