

Show After The Show

Ginuwine

That's how it goes muchas chicas
Bumrush the door you know they got grande culos
They want to go to the show after the show My cherie
Say she want to come get with me
No she don't, she's too freaky
She wanna go to the show after the show Maybe it's just the way I move
You like the way I freak the beat
Tell me is it all the lights you see
Or is it me being me? Can you feel the bass in you
Tell me, do you like the way it moves?
Do you wanna see me do what I do
Or would you rather be somewhere getting it on with me? That's it come on
Say you wanna roll with me
Come on
You sure you wanna roll with me?
Come on
'Cause if you wanna roll with me
Come on, yeah Come on
Say you wanna roll with me
Come on
'Cause if you wanna roll with me
Come on
You know I'm gonna wanna see that That's how it goes muchas chicas
Bumrush the door you know they got grande culos
They want to go to the show after the show My cherie
Say she want to come get with me
No she don't, she's too freaky
She wanna go to the show after the show You can't take your eyes off me
While I'm plucking on my guitar strings
Do you see a guitar string
Or do you really see your G-string? Every time I grab the mic
Tell me do you start to fantasize?
'Bout things you wanna do tonight
Baby take this ride, daddy's gonna do you right That's it come on
Say you wanna roll with me
Come on
You sure you wanna roll with G?
Come on
'Cause if you wanna roll with me

Come on, come onCome on
Say you wanna roll with me
Come on
'Cause if you wanna roll with G
Come on
You know I'm gonna wanna see thatThat's how it goes muchas chicas
Bumrush the door you know they got grande culos
They want to go to the show after the showMy cherie
Say she want to come get with me
No she don't, she's too freaky
She wanna go to the show after the showI've been wanting to know
Just how far you will go with your fantasies
Let's swing an episode
I've been waiting to see
Just how far you will go eroticity
Baby welcome to the showThat's how it goes muchas chicas
Bumrush the door you know they got grande culos
They want to go to the show after the showMy cherie
Say she want to come get with me
No she don't, she's too freaky
She wanna go to the show after the showThat's how it goes muchas chicas
Bumrush the door you know they got grande culos
They want to go to the show after the showMy cherie
Say she want to come get with me
No she don't, she's too freaky
She wanna go to the show after the showThat's how it goes muchas chicas
Bumrush the door you know they got grande culos
They want to go to the show after the showMy cherie
Say she want to come get with me
No she don't, she's too freaky
She wanna go to the show after the show
