

# Shout About

Tarralyn Ramsey

I got you, once again  
This time Tarralyn, come on Say it loud, what, what?  
If you got somethin' to shout about, what, what?  
Say it loud, what, what?  
If you got somethin' to shout about, what, what? Say it loud  
If you got somethin' to shout about  
Say it loud  
If you got somethin' to shout about Your grace and mercy is startin' me on my way  
And that's somethin' I can't do without, without  
Your spirit, Lord, guides me through the day  
And I can truly say that I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about seven days of the week  
I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about seven days of the week And Lord, as I stand before You right now  
Giving You praise, giving praise for being God Almighty  
And You have made my life complete  
So completely Yours and I can truly say that I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about seven days of the week  
I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about seven days of the week I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about seven days of the week No church on a Sunday, no  
Monday, Tuesday, Thursday and Friday  
Saturday, shine and rain, oh, yeah Everyday you wake there can be no doubt  
That the Lord had gave you somethin you can shout about  
There are times we complain and forget about  
That the Lord has gave you somethin you can shout about Everyday you wake there can be no doubt  
That the Lord had gave you somethin you can shout about  
There are times we complain and forget about  
That the Lord has gave you somethin you can shout about Everyday you wake there can be no doubt  
That the Lord had gave you somethin you can shout about  
There are times we complain and forget about  
That the Lord has gave you somethin you can shout about Say it loud, what, what?  
If you got somethin' to shout about, what, what?  
Say it loud, what, what?  
If you got somethin' to shout about, what, what? Say it loud, what, what?  
If you got somethin' to shout about, what, what?  
Say it loud, what, what?

If you got somethin' to shout about, what, what? I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about  
I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about seven days of the week I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about  
I got somethin' to shout about, shout about, shout about  
I got somethin' to shout about seven days of the week
