

Alibi

Thirty Seconds to Mars

No warning sign, no alibi
Were fading faster than the speed of light.
Took our chance, crashed and burned.
No, we'll never ever learn. I fell apart, but got back up again,
And then I fell apart, but got back up again, yeah. We both could see crystal clear,
That the inevitable end was near.
Made our choice, trial by fire,
To battle is the only way we feel alive. I fell apart, but got back up again,
And then I fell apart, but got back up again,
And then I fell apart, but got back up again.

Way-o

Way-o

Way-o

Way-o

Way-o

Way-o So here we are, the witching hour,
The quickest time to divide and devour.
Divide and devour. If I could end the quest for fire,
For truth, for love, and my desire
For my desire And I fell apart, but got back up again.

Way-o

Way-o

Way-o

Way-o

Way-o

Way-o

Way-o

Way-o

Way-o I fell apart, I fell apart, I fell apart,
I fell apart, I fell apart,
But got back up again.
