Deep Analysis

Mr Traumatik

Check this, deep analysis, i go to sleep at 3am and wake up here and sleep aralysis
Spirit all around me talking reconabity cause I'm a spirital Philosophil lominal a kiss
Check this deep analysis, I'm specialising nature in a tree a canabis
It's natural organical don't feed them other tipps and if you pee the toxic chemical
You need to bag a shit

1. 1. I got that complex interlectual-flow low basic business
it masturbating and taking place and making place so witness
Don't risk it
You need to activate your "chacuid-peanul" glan
I'm gifted
And when they come to my leaful plan, I'm Evilman no "webel" mass
I give nem an evil stamp I'm "tallsin- torcher"
I am the people champ u stupid people trump I'm all important
Show respect doin sect don't look "lectus al inforta"
This multi dimo-dimensional let me got that bowl of water
"Woooow"

2. I never had the "waygensy" to paved away from me
I'm self-made I did it by myself I waited payssuly
Now I got that lyrics in a flow don't "rave tay pe tesy" cause I write that lyrics on a paper from a sickrid tree
Guess wait and see, when the plot is clear
When you see the bigger picture you will stop and cheer
All I see is negativity and lot of fear
I spread 'em positivity and run my traumer clear

3. My exceptional Interlexis "exlore" devely complex I'm fifth dimensional entities ey bless the over tell em me concepts
you know these emptys "sevenimÃ¤ bex"
All my enemies upset
I'm pushing plasma beens into your chest all the allergy compressed
Exdevorelity complex no basic shit to minimal flow i write my lyrics in codalimital flow I'm so "promiditell-flow"
I "riwe givenem" loads of six stuff so prick trust an' my big butts no minimal low
I give them a brilliant bility flow

4. My category is speschi relity is tekni cality and gradtialy these gradny calities become formality
traumaticly I'm breaking down el natalies
It has to be cause rapidly my stratigy is known from codinanigy
try challange ne garantee is arguni humanities reality is built to form brutality

fanaty and strategy is mad to see normality
clarities insavaty I'm see em in brutality
