With all that meat hangin girl I feel like a butcher
Just wanna chop you up and cut ya

With that beautiful skin the color of Muster
I can't help but to bother you, lookin like my white BMW
Love you sittin on my rim, matter fact 'gon hop in
Now jump in the backseat and chill
Got some for you girl you can feel
Lay your body down in the six forty five
Let the soft leather caress ya while I drill
I know you like it, I know you like it
Just ran into Divine with a shorty so fine lookin so excited
Now she thinks we all cassonovas, that's when I put the legs on my shoulder
And just ride her like a Range Rover
Like a dollar bill I had to unfold her, ummm hmmm
