

That Girl

K. Michelle

[Verse 1]

Sticks nor stones wont break my bones
Words only encourage me
Only you can stop the rain
Overcame the pain
And ain't nobody stopping me
When I young, I always knew
There was something in my life I was destined to do
I knew I would be the best that I could be
Fill my life with positivity no negativity

I said[Bridge]

Mama (yeah) Ima be a star
Mama (yeah) Ima work hard
Mama (yeah) Ima go far
She said you can do anything baby just follow your heart

I know[Chorus]

I'm gonna be that girl
I'm gonna be that girl

[Repeat 4x][Verse 2]

Through tribulations I kept my dedication
I know I can make it
That's the test that I be facingPick up the pieces
Reach down inside

Swallow my pride and put jealousy aside

I said[Bridge]

Mama (yeah) Ima be a star
Mama (yeah) Ima work hard
Mama (yeah) Ima go far
She said you can do anything baby just follow your heart

I know[Chorus]

I'm gonna be that girl
I'm gonna be that girl

[Repeat 4x]That girl.

That girl, that girl (I'm going to be that girl) that girl, that girl, that girl
And they say I couldn't do it, I gotta prove it that girl
That girl, that girl, I'm going to be that girl, that girl
That girl hey I'm going to be that girl...

[Repeat until music faded]
