

# Another Mistake

## Slapshot

Tried to get it right  
Tried to get right  
But I made the same mistake  
I made the same mistakeTried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistakeEverything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the endEverything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the endI don't know what to do  
Cause I can't get over youTried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistakeTried to get it right  
Tried to get it right  
But I made the same mistake  
I made the same mistakeEverything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the endEverything I say  
And everything I do  
Comes out wrong in the end  
Wrong in the endI don't know what to do  
Cause I can't get over youI don't know what to do  
Cause I can't get over you
