

# Do You Really Want Me (Show Respect)

Robyn

Boy, listen to me careful now  
'Cause this is something every man should know  
Oh this is a lesson about how  
You treat your girl right just let it show  
All that you love her that you need her say it  
That you want her in every way  
You gotta show your girl a little respect  
Or you wont get nothing back but hate  
It's those little things that mean so much  
You gotta treat her right, or get out of her sight  
Do you really want me, am I really special?  
Taking is so easy, boys, giving is unusual  
If you really want me, don't make me wait too long  
Respect and love is the key just listen to my song  
Safe is how she wants to feel, protect her with it all you've got  
Oh, she wants to know your love's for real and be a good lover  
Make her hot then she'll do everything, love you day and night  
She'll do anything just do her right  
It's those little things that mean so much  
You gotta treat her right, or get out of her sight  
Do you really want me, am I really special?  
Taking is so easy, boys, giving is unusual  
If you really want me, don't make me wait too long  
Respect and love is the key just listen to my song  
Girls, don't give up, give your best  
No part time job, no time to rest  
Let him know what's up before  
So he can give you more and more  
Alright  
You gotta show your girl a little respect  
Or you wont get nothing back but hate  
It's those little things that mean so much  
You gotta treat her right, or get out of her sight  
Do you really want me, am I really special?  
Taking is so easy, boys, giving is unusual  
If you really want me, don't make me wait too long  
Do you really want me, am I really special?  
Taking is so easy, boys, giving is unusual  
If you really want me, don't make me wait too long  
Just listen to my song, my song  
You gotta show me, baby, show me respect now  
You gotta show me, baby, show me respect now  
You gotta show me, baby, show me respect now  
You gotta show me, baby, show me respect now
