Say Goodnight

Jump, Little Children

I heard you late last night
You know you talk too much
Not everything comes through these walls
But just enough
To hear the things that I don't want to hearI heard you late last night
I wish I had my distance
I hear you crash around
And say that no one listens
I wish that I would hear you say goodnightAnd nobody cares, especially me
But I can't help myself as I fall asleep
To turn out the lights, turn back the sheets
Say goodnight and turn me onTurn out the lights
Turn back the sheets
Turn me onI heard you late last night
You were in such a hurry
Not a sound behind these walls
Makes me worry
I wish that I would hear you say goodnightAnd nobody cares, especially me
But I can't help myself as I fall asleep
To turn out the lights, turn black the sheets
Say goodnight and turn me onTo turn out the lights
Turn black the sheets
Turn me onSay goodnight
Say goodnight
Say goodnight
Say goodnightAnd nobody cares, especially me
But I can't help myself as I fall asleep
To turn out the lights, turn back the sheets
Say goodnight and turn me onTurn out the lights
Turn back the sheets
Turn me on, yeahTurn out the lights
Turn back the sheets
Turn me on, yeah
Yeah, yeah, yeah, yeah
