

Spread My Wings

Shawn Desman

Why are you taking so long?
You know the weather's already changed and
No need in talking too much
About the situation that happened And I know it's implicitly said when I say
I don't wanna argue, no, not today
And I tell you there's nothing left to say
Let me be free and fly away Sometimes I wish I could fly
Spread my wings and soar away
And I'd never return back to this crazy love life
That always pushed me away, ooh yeah yeah You know I loved you so much
But there's no need for me to keep waiting
No longer can you be trusted
I finally gave up on this love matter And I really hate to leave but in this case
You broke my heart and now I feel this way
And I know somebody else taking my place
Unfortunately I know that I can't stay, stay Sometimes I wish I could fly
Spread my wings and soar away
And I'd never return back to this crazy love life
That always pushed me away, ooh yeah yeah Sometimes I wish I could fly
Spread my wings and soar away
And I'd never return back to this crazy love life
That always pushed me away I'm telling you this time
I don't need you no more, tell me baby
What makes you do the things you do
That makes me wanna be free? And all those times you lied to me
About the simple things, baby
I need my space to fly away, away Sometimes I wish I could fly
Spread my wings and soar away
And I'd never return back to this crazy love life
That always pushed me away Sometimes I wish I could fly
Spread my wings and soar away
And I'd never return back to this crazy love life
That always pushed me away I'm telling you this time
I don't need you no more, tell me, baby
What makes you do the things you do
That makes me wanna be free? And all those times you lied to me
About the simple things, baby
I need my space to fly away, away Sometimes I wish I could fly
