It's All True (Martin Buttrich Remix)

Tracey Thorn

Just this once
Let me tell you you're the sweetest thing
The love in every song I sing
Music in my ears and everythingHappiness writes white
Maybe that isn't true tonight
And things you know you might forget
And other things I haven't told you yetClose your eyes, count to ten
Turn around back again
Hit the floor, then once more
I'm still hereAnd it's all true
And it's all trueWe don't need
Any kind of big parade
Just this once, a little serenade
To celebrate this love we've madeWe don't need
Don't need a big fanfare
This is just my heart laid bare
For anyone who might careGo away 'round the world
Talk to all kinds of girls
But it's me you won't find
And you're mineClose your eyes, count to ten
Turn around back again
Hit the floor, then once more
I'm still hereAnd it's all true
And it's all true
Do you feel it too'And it's all true
And it's all true
Tell me, do you feel it too?
