S.N.A.F.U.

Vanilla Ice & Jimmy Pop

Now, the industry has got me thinking twice
Thinking with the treble mix, gotta shake 'em like dice
Let the whole world know I can't go for that
Girls know that I got gold and stacks
In every cult de sac from the streets to the clubs
I'm making hits and everybody's showing love
Fact is I'm back and I'm rolling like Jackson
Won't stop until I'm back at multi platinum
So I start with some action, I'm the main attraction
Here to lie down to the west crackin'
Stackin' big chips Holmes gotta get 'em
Hauling in lots of residuals, what you got
You can't choose me, bring it to you live for the year two G
Situation normal all fucked up
Situation normal all fucked up
Situation normal all fucked up
Situation normal all fucked up
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No you never ever made me
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No I'm all fucked up
Yo, Ice it's Jim splice me in no, stop
Begin, pause, 'cause I gotta call the next of kin
Tell 'em where you been, tell 'em that you're ok
DOA, here say, no way, won't say
Dead yes, dead all, not dead and gone
Like a multi leader, a little bit withdrawn
Time and go like a vicious cycle, then wham
Make 'em think that, you are coming out like
George Michael on par to make people to turn
In no sooner hook line and sinker like
Charlie the Tuna drop the hero and get with the zero
I'll try to keep it clean like Mr. Belvedere
Fuck me, fuck you, fuck the single
Don't want to take it in the can, you're not Pringles

But once you pop you can't stop
So don't interrupt situation normal all fucked up
Situation normal all fucked up
Situation normal all fucked up
Situation normal all fucked up
Situation normal all fucked up
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No you never ever made me
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No I'm all fucked up yeah
Situation normal all fucked up
Situation normal all fucked up
Situation normal all fucked up
Situation normal all fucked up
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No you never ever made me
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No I'm all fucked up
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No you never ever made me
Thought I was a puppet you tried to play me
Yeah and I'm going crazy
Thought I was a puppet you tried to play me
No I'm all fucked up
Round and round we go
Where it stops nobody knows
Round and round we go
Where it stops nobody knows
