

# S.N.A.F.U.

## Vanilla Ice & Jimmy Pop

Now, the industry has got me thinking twice  
Thinking with the treble mix, gotta shake 'em like dice  
Let the whole world know I can't go for that  
Girls know that I got gold and stacks  
In every cult de sac from the streets to the clubs  
I'm making hits and everybody's showing love  
Fact is I'm back and I'm rolling like Jackson  
Won't stop until I'm back at multi platinum  
So I start with some action, I'm the main attraction  
Here to lie down to the west crackin'  
Stackin' big chips Holmes gotta get 'em  
Hauling in lots of residuals, what you got  
You can't choose me, bring it to you live for the year two G  
Situation normal all fucked up  
Situation normal all fucked up  
Situation normal all fucked up  
Situation normal all fucked up  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No you never ever made me  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No I'm all fucked up  
Yo, Ice it's Jim splice me in no, stop  
Begin, pause, 'cause I gotta call the next of kin  
Tell 'em where you been, tell 'em that you're ok  
DOA, here say, no way, won't say  
Dead yes, dead all, not dead and gone  
Like a multi leader, a little bit withdrawn  
Time and go like a vicious cycle, then wham  
Make 'em think that, you are coming out like  
George Michael on par to make people to turn  
In no sooner hook line and sinker like  
Charlie the Tuna drop the hero and get with the zero  
I'll try to keep it clean like Mr. Belvedere  
Fuck me, fuck you, fuck the single  
Don't want to take it in the can, you're not Pringles

But once you pop you can't stop  
So don't interrupt situation normal all fucked up  
Situation normal all fucked up  
Situation normal all fucked up  
Situation normal all fucked up  
Situation normal all fucked up  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No you never ever made me  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No I'm all fucked up yeah  
Situation normal all fucked up  
Situation normal all fucked up  
Situation normal all fucked up  
Situation normal all fucked up  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No you never ever made me  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No I'm all fucked up  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No you never ever made me  
Thought I was a puppet you tried to play me  
Yeah and I'm going crazy  
Thought I was a puppet you tried to play me  
No I'm all fucked up  
Round and round we go  
Where it stops nobody knows  
Round and round we go  
Where it stops nobody knows
