Alice

Cocteau Twins

When I lost him ache
Shudder shock of pale
My, my true love
Niccol Donati, these days are
smoking days
Though he won't see
(Deceived me)You deceive me
(With you)Erase it I will not
(to stay)Touching a helix(didn't she know alex?)
(I I will plead)Blotting an excuse you
(alice, alice, alice, alice, alice)
would share,
(alice, alice, alice, alice, alice)
who shall
(alice, alice, alice, alice, alice)
replace
(alice, alice, alice, alice, alice)
YouWhen I lost him ache
Shudder shock of pale
My, my true love
Niccol Donati, this mess I smoke away
And he won't see
(pushing me)Oops she fell
(with you)Racin her bike
(so you)touching her lies
(not me)
