

# Electric

## Bass Drum Of Death

When I destroy  
It's my own town electric  
When I destroy  
It's my own town electric  
In the right form  
And that's why this town's electric  
In the right form  
And that's why this town's electric  
I want you to die  
Lay down in the fire  
I want you to die  
Lay down in the fire  
When I enjoy  
It's my own town electric  
Neither deploy  
But it's my own town electric  
Everyone's joy  
And that's why this town's electric  
I won't ignore  
And that's why this town's electric  
I want you to die  
Lay down in the fire  
I want you to die  
Lay down in the fire  
I want you to die  
Lay down in the fire  
I want you to die  
Lay down in the fire  
And that's why this town's electric  
And that's why this town's electric  
And that's why this town's electric  
And that's why this town's electric  
And that's why this town's electric  
And that's why this town's electric
