

Star In Your Own Life

Nia Sioux

Getting ready in the mirror
Today will be epic
Gotta live the way you wanna
So you don't regret it
Life is a book and you write it
Your happiness is on you
No matter what just keep at it
And push through Cause you're fearless
Flawless
You got this
So go do it (do it)
Aye, get to it (to it)
Aye Whoever you choose to be
Own it

It's your drum and it's your beat
Show it off for the world to see
Be a star in your own life
Be a star in your own life
You are a star in your own life [Verse 2]

Everybody has a dream that
They need to follow
All you got to do is believe
The world is ours cause
Life is a book and you write it
Your happiness is on you
No matter what just keep at it
And push through Cause you're fearless
Flawless
You got this
So go do it (do it)
Aye, get to it (to it)
Aye Whoever you choose to be
Own it

It's your drum and it's your beat
Show it off for the world to see
Be a star in your own life
Be a star in your own life

You are a star in your own life If life is a runway, walk it out
Don't, don't be afraid to put it down

If life is a dancing battle, own it
Never have no fear don't ever show it
Cause we all got that thing that makes us really shine
And who you are is just fine (Oh, oh) Whoever you choose to be
Own it
It's your drum and it's your beat
Show it off for the world to see
Be a star in your own life
Be a star in your own life
You are a star in your own life
