

Closer (2001 Version)Â

Fool's Garden

Don't be afraid, I'm not lonely,
closer closer to my life.
Don't wait, I won't be lonely,
closer closer to my life.
My mind's rolling like thunder,
closer closer to my life.
I don't fear I'll go under,
closer closer to my life. I've set it free, I feel the rain
opens up my heart and washes away
every single limit - time -
I start to breathe.
I'll leave it all behind, I'm on the way. Don't be afraid, I'm not lonely,
closer closer to my life.
Don't wait, I won't be lonely,
closer closer to my life.
My mind's rolling like thunder,
closer closer to my life.
I don't fear I'll go under,
closer closer to my life. Straight! Closer. Closer... I feel... I've set up sails, I feel the wind
opens up my mind and blows away
every single reason to stay,
it's time to fly.
Don't you call my name. I'm on the way. Don't be afraid, I'm not lonely,
closer closer to my life.
Don't wait for me, I'm not lonely,
closer closer to my life.
My mind's rolling like thunder,
closer closer to my life.
I don't fear I'll go under,
closer to my life. My life, my life.
Closer (to my life, my life, my life),
closer (to my life, my life, my life),
closer to my life! Don't be afraid, I'm not lonely,
closer closer to my life.
Don't wait for me, I'm not lonely,
closer closer to my life.
My mind's rolling like thunder,
closer closer to my life.
I don't fear I'll go under,

closer to my life.
