Find Your Way Back

Jefferson Starship

You know it's been a long, long road
Since I packed up and left on my own
And I carry a heavy load
Just tryin' to get back to her heartI sure ain't got no home
I seem to find love where I ramble
And when it's time to go

I hear that voice again, sayin"Find your way back Find your way back to her heart

Find your way back

Find your way back to her heart"Leave a message with the rain You can find me where the wind blows

The snow across the pain

And the frost upon the heartYou got no place to be Still you wonder where you're goin'

And why I had to leave

I hear a voice and it says to me"Find your way back

Find your way back to her heart

Find your way back

Find your way back to her heart, to her heart"

Come on know it's too late now

But I wish I could go back in time

And start all over somehow

And get it right from the startFind your way back

Find your way back to her heart

Find your way back

Find your way back to her heartFind your way back, find your way back

Find your way back, find your way back

Find your way back, find your way back

Find your way back, find your way back
