

All I Want To Know

Revolvers

Here lately I don't see enough of you.

I'm thinking maybe you don't love as hard as I do

Maybe I think too much, I just don't wanna lose your touch

Baby want you just humor me (all I wanna know)

Chorus:

Baby all I wanna know, girl tell me if it's so

Baby all I wanna know is you need me (yeah, yeah)

All I wanna know girl tell me if it's so baby all I wanna know is you need me

I don't want to suffer the pain of a broken heart

Cause I've decided I wanna be where you are (yes I do)

All I want is you to ease my mind, say everything is just fine,

your love is mine all mine

(Chorus 2x)

Dance Break Down

(Chorus Out)
