Tomorrow

Sixx a.m.

Where ya gonna be tomorrow?
How ya gonna face the sorrow?
Where ya gonna be when you die?
'Cause nothing's gonna last forever
And things they change like the weather
They're gone in the blink of an eye

Just look at yourself, can you see where you are?
Look at yourself, now you can't hide the scars
Just look at yourself 'cause there's nowhere to go
And you know

Tomorrow
You're gonna have to live with the things you say
Tomorrow
You'll have to cross bridges that you burned today
Tomorrow...
And everything you do, it's coming back for you
You'll never outrun what waits for you
Tomorrow.

And are you terrified by sadness
And have you given into madness
You're running out of places to hide
'Cause everybody's got a reason
To justify how they're feelin'
Maybe you should open your eyes

Just look at yourself, do you like what you see?
Look at yourself, is this how it should be?
Just look at yourself, 'cause there's nowhere to go
And you'll know

Tomorrow
You're gonna have to live with the things you say
Tomorrow
You'll have to cross bridges that you burned today
Tomorrow...
And everything you do, it's coming back for you
You'll never outrun what waits for you

Tomorrow.

Are you waiting for the reason to change?
Are you waiting for the end, has it came?
Nothing's gonna stand in your way...

Just look at yourself, do you like what you see?
Look at yourself, is this how it should be?

Tomorrow
You're gonna have to live with the things you say
Tomorrow
You'll have to cross bridges that you burned today
Tomorrow...
And everything you do, it's coming back for you
You'll never outrun what waits for you
Tomorrow.
