

# She's Inflatable

Cledus T. Judd

She's so squeezable, please-able  
Unbreakable, she's inflatable  
She's an arm full of sex appeal  
Can't wait until I get her home, yeahShe's incapable of being difficult  
Down to earth-able, biodegradable  
Shania Twain ain't got a dad blang thing  
On my tease-able, squeeze-able, please-able, she's inflatableMost folks think that I'm full of baloney, I'm never  
lonely  
Never thought I could buy someone not  
Flammable, air brain-able, recycle-able, no I ain't full of bull  
Didn't need a down payment on that pretty little plastic thingIt made my mama cry when we ran off one night  
And caught a Vegas flight and I made her mom whine  
She blew her mouth still when I gave her a ring  
My flexible, patch-able, washable, yeah inflatableOh Dang lady, you gave a brand new definition  
Taking a man's breath awayIt makes me feel so proud that I'm her feller, I'd never sell her  
People get your mind out of the gutter  
She's blonde-head-able, re-head-able, remediable, interchange-able  
I didn't need a down payment on that pretty little plastic thingShe's incapable of being difficult, down to earth-  
able, biodegradable  
She blew her mouth still when I gave her a ring  
My please-able, patchable, washable, biodegradable  
Air-brain-able, squeezable, washable, she's inflatable  
That Diamond Rio song had way too many syllables
