

# Secrets

## Jacob Whitesides

Pull back the curtain show me all you've hiding behind the magic of the lights  
The blinding lights  
Walk down cobblestone streets with me hand and hand  
And get lost in the honesty of the light  
The darkest nightSecrets  
All I wanna do is know your secrets t-t-t-tell me  
Tell me your secrets you're the mystery I'll never regret  
T-t-t-tell t-t-t-tell me more t-t-t-tell me more t-t-t-tellI will be patient no need to rush  
I won't be the one who leaves you high and dry  
I am by your side  
Riddle me this girl I want to uncover  
What's underneath let me see your true colors now tell me nowI wanna hear your Secrets  
All I wanna do is know your secrets t-t-t-tell me  
Tell me your secrets you're the mystery I'll never regret  
T-t-t-tell t-t-t-tell me more t-t-t-tell t-t-t-tell me moreI would cross the seven seas to see what's buried  
underneath  
I would walk through dessert sands just to talk with you, talk with you  
I would cross the seven seas to see what's buried underneath  
I would walk through dessert sands just to talk with you  
And hear you tell me your secretsAll I wanna do is know your secrets t-t-t-tell me  
Your secrets you're the mystery I'll never regret t-t-t-tell me  
Tell me your secrets all I wanna do I know your secrets t-t-t-tell me  
Tell me your secrets your secrets you're the mystery I'll never regret (I'll never regret)  
T-t-t-tell me t-t-t-tell me more  
Tell me more tell me more  
Tell me more tell me more  
T-t-t-tell me more  
T-t-t-tell me t-t-t-tell me  
T-t-t-tell me more t-t-t-tell me t-t-t-tell me more
