Close to Home

Lyle Mays

Tennessee, Baton Rouge
Dallas, Texas, coming through
New Orleans, I could stay
But tomorrow I'm on my wayI'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to homeI'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to homeI've been here, I've been there
I've been nowhere, everywhere
Mexico, I could stay
Arizona to L.A.I'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to homeI'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to homeI'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to homeI'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to homeI'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to homeI'm close to home
(Close to home)
I'm close to home
(Close to home)
I'm getting closer and closer to home
