Shredder

JEFF the Brotherhood

I didn't mean to make you mad
I didn't mean to make her sad
I heard he's gonna kill me soon
I need to hide out in your room

Down by the sea, In the ruins
He's gonna hit me in the head, Tonight

I can barely see the stone
You left me all alone
He's gonna punch me in the head
He's gonna punch me til I'm dead

Down by the sea, In the ruins
He's gonna hit me in the head, Tonight
