

Street Fighter

Blackfoot

Ah yeah
Yeah hah Well, here he comes man of the slums
Walk the streets of the ghetto
Well I beg your time
Take what you find
Before this thing gets old (Street fighter)
Well he fights for what hes been told
(Street fighter)
Can ya get there now hooooold Well I know its hard
Someday youll go far
Told ya I could beat your crew
If hard times drive you crazy
I know youre not lazy
Someday itll happen just for you (Street fighter)
Well he fights for what hes been told
(Street fighter)
And hes driven out of control Yeah street fighter
Well he fights for what hes been told
Hes such a fighter
And ya cant blame that on a home Street fighter
And he fights for what hes been told
Street fighter
And hes driven out of control
