Grande Finale

Studio Killers

I've been a dirty bastard
but I will clean my act up
I wanna stop doing bad
I wanna meet your mom and dad

It's not an unpretending
Little happy ending
This is a Grande Finale

Rolling snare drums echo
The rain sounds like applause, yeah

I finally found you
The one that I've been waiting for
I finally found what
I'd already stopped looking for

I've been a dirty bastard
but I will clean my act up
I wanna stop doing bad
I wanna meet your mom and dad

Rolling snare drums echo
The rain sounds like applause, yeah

I finally found you
The one that I've been waiting for
I finally found what
I'd already stopped looking for

(Echo) [x15]

Rolling snare drums echo
The rain sounds like applause, yeah

I finally found you
The one that I keep waiting for
I finally found what
I'd already stopped looking for

I finally found what
I'd already stopped looking for
