My flows most beneficent most merciful outrageous
For wages vibrate niggas heads like pagers
Too hard to handle son we animals bio-hazardous
Ghetto evangelist lyric distortions abortions
Of fortune shit shitting on your ASR 10 Sequence

These be the words blow niggas acoustic nerves
When I swerve I'm busting adjectives and verbs at curves
Hear the thunder then I melt the frozen tundra, sank Titanics
Crack solid granite, initiate global panic
Harlem got me branded, rhythms jingle like bricks
These niggas face it or face off, give up or break North
My lines petrify your mind's third eye, when I'm high
I pull the troy in your insides, I strike blindside
Rip inside, my syllables simmer for every criminal
In prison whose an individual lose that struggle
My stories burst niggaz bubbles, make new niggas mumble
Ready to shed blood up in the jungles
Hey yo we living it, magnificent
Cypress, worldwide![B-Real]
I take the microphone cord, use it as a rope
To hang all the weak rappers for leaving the bullshit they wrote
Counterfeit fools all in the pot, let em boil
When we go platinum they go, aluminum foil
The worldwide clicks and the parties with no parties
Cause niggaz'll get you quickly like the skin off a blunt
When they get burned and smoked, put out and used up
Niggaz don't know how to act when they lit the fuse up
Abuse them up, usin the nut, I'm using buck
Fearin of the shit, that's covered the script, deliver cuts
Cypress Hill, Soul Assassins, all up in the club
Showing love to everyone of you real niggas
Cause the hip-hop's pumping through the blood in my veins
Like a junkie, fucking with 'ron and cocaine
Slay you both down, better hold down or get clowned
By the world renowned, Cypress compound![Chace Infinite]
Heavy artillery rap niggaz attack from both sides
Of the map, leave you flat on your back, my thoughts dwell

In the dark black abyss, Chace Infinite kicks
Rhymes over rhythm and spit hot flame from his lips
I represent, the cream of the earth, bless his birth
My order in the elements in the universe
My mental enter your physical frame, penetrate
Like pushing your face straight through a window pane
With twenty bars, I'm sinister God, administer pain
To your paragraph it ain't hard, see I studied the life-science
For years in this, doing songs with my indigenous
