18 Miles To Memphis (Live Version-Bonn)

Stray Cats

We've been driving all night long
Just to reach our destination in your town
We've been five hundred miles everyones asleep there's not a sound
Ooh eighteen wheels a-rolling, eighteen wheels a-rolling round and roundPlease mister driver won't you pull over here we're really hungry
Well we'll have 14 steak and eggs,
14 orange juice and 14 cups of coffee
Let's get back on the bus, this is one place that I really want to seeWell we're 18 Miles from Memphis
18 Miles to Memphis
Yeah, 18 Miles to Memphis
18 Miles to Memphis
Got a rocket in my pocket and I hit the fuse
Taking off in your direction have you heard the news
We're just 18 Miles to Memphis and we won't leave 'til I rocked you allAlabama, Mississippi, Florida, Louisiana, big 'ol Texas
From New England down to Georgia, Kansas City, Colorado,
California
Well it's the last night of our tour,
We're gonna rock you through the roof, just wait and see
