Compton Menace

Look Im brasing chain, you know what I mean
You share what you need
Well, Im f***ked off

Take a breath for meI got Mustang on the kitchen and Pirax I do magic
Activism solo, sit on my leg and popping
dont pull up when I say pull up and plagers might get caught

Drop top and turn it sorrow, jaize call me host the powersMy plug gave me that Mojo
Now watch with my Mojo
Plug gave me that Mojo
Comes down like Cosana

My plug got me turning up, share some of my plug dogNow look Im pulling off with my field niggas
Got a couple friends cuz I dont feel niggas
Still hit corners and my plug nigga

Watch the robbers cuz I probably roab
From the God then straight to the cops
Still smoke the trees and dug the cops

My plug got me turning up, share some of my plug dogHold up, hold up got ? and I drill with the drug
Pow up, pow up ?

Coming up I was catch in the bus
b**ch I only want it but I dont give a f**k
Dress in bump it aint squeeze ?
School head I only come in ? I only came for the lunch
One day I will change, mother ? blue out of ?
Youre whore try to pick my brain
How the f**k you got all that chain
Jamma ganster rock in Design clothes
Bun jumping had to pow something
Gotta find a arma for Obama
Stag of paper made sacrifice
Wide of wide my ? cause to my ? ugly
Wont burn nothing ? dont sleep f**k it just ?
Still work where I did dope
Brokle ball where my trap falls
Jiling for all this mad matriceI got Mustang on the kitchen and Pirax I do magic
Activism solo, sit on my leg and popping
dont pull up when I say pull up and plagers might get caught
Drop top and turn it sorrow, jaize call me host the powersMy plug gave me that Mojo
Now watch with my Mojo
Plug gave me that Mojo
Comes down like Cosana
My plug got me turning up, share some of my plug dog
