

Baby This and Baby That

Jon Wolfe

Come home draggin'
Weight of the world on my shoulders girl
And all I know is
I want to cash out
Shut it down
Throw in the towel cause I'm feeling low
And I'm movin' slowBut when she's all baby this and baby that
I'm like a runaway train running outta track
There ain't no holding me back
When she's all baby this and baby that
When she's all come over here and give me a kiss
That look in her eyes
Hands on her hips
I don't stand a chance
When she's all baby this and baby that
It still sound good
Good morning, good night
And anything else those pretty lips say
She sounds like an angel
cooking in the kitchen
I love to listen to the songs she sings
But it's a whole other thingBut when she's all baby this and baby that
I'm like a runaway train running outta track
There ain't no holding me back
When she's all baby this and baby that
When she's all come over here and give me a kiss
That look in her eyes
Hands on her hips
I don't stand a chance
When she's all baby this and baby that
My favorite thing in the world to see
Are those pretty brown eyes looking back at me
Those pretty red lips I wanna kiss so bad
Saying baby this and baby thatWhen she's all baby this and baby that
I'm like a runaway train running outta track
There ain't no holding me back
When she's all baby this and baby that
When she's all come over here and give me a kiss
That look in her eyes

Hands on her hips

I don't stand a chance

When she's all baby this and baby that She's baby this and baby that

Every time she's baby this and baby that

She's baby this and baby that
