

Cry

Ian Guerin

I always knew
If I lost you Iâ€™d die
& Iâ€™m losing you now
So Iâ€™m so terrified
(Iâ€™m so terrified)

Some say Iâ€™m a fool
For standing for you
But how can I not?
If I once said I would, be there for you
(Be there for you)

Itâ€™s a beautiful Sunday morning
& I wanna take you out to lunch
But I call on your phone
& I go to your home
& youâ€™re nowhere to be found
Where are you now?

Cause my feelings havenâ€™t changed since you walked through that door (Cry, Cry)
& the moments that we shared are still here in my heart (Cry, Cry)
I miss wrapping you in my arms but I cannot look back so I cry (Cry, Cry)

Cause it hurts to fall in love with a person who wonâ€™t (Cry, Cry)
& it hurts me even more that you donâ€™t even know (Cry, Cry)
Every time I heard your voice I was falling in love & I cried (Cry, Cry)

I cried deep inside

They say big boys donâ€™t cry
They say big girls survive
Forget those stereotypes
The day you left I died
You were the strings of my guitar
& the key to my heart
So forgive me if I ask
If I text you would you reply?

Itâ€™s been four beautiful Sundays (Where are you now?)
Iâ€™ve been meaning to take you to lunch

But I call on your phone (Where are you now?)
& youâ€™re not alone (Where are you now?)
It hurts to know ((Where are you now?)
Iâ€™m now on my own (Baby girl I miss you)

Cause my feelings havenâ€™t changed since you walked through that door (Cry, Cry)
& the moments that we shared are still here in my heart (Cry, Cry)
I miss wrapping you in my arms but I cannot look back so I cry (Cry, Cry)

Cause it hurts to fall in love with a person who wonâ€™t (Cry, Cry)
& it hurts me even more that you donâ€™t even know (Cry, Cry)
Every time I heard your voice I was falling in love & I cried (Cry, Cry)

I cried deep inside

So Iâ€™mma take this dream of me & you babe
& Iâ€™mma throw it out cause Iâ€™m just sick babe
Of your lies & your cheating
Your deceit & your scheming
Your false love & daydreaming
Being the friend that just listens
Baby girl if youâ€™re leaving
Just be sure that youâ€™re leaving
Cause I wonâ€™t take you back
Youâ€™ll be out of my life
No more Mr. nice guy
For you

Come on!

Cause it hurts to fall in love with a person who wonâ€™t
& it hurts me even more that you donâ€™t even know
Every time I heard your voice I was falling in love & I cried

Cause my feelings havenâ€™t changed since you walked through that door
& the moments that we shared are still here in my heart
I miss wrapping you in my arms but I cannot look back so I cry

My home isnâ€™t home since you walked through that door
My heart doesnâ€™t know who he is anymore
Should I just give you up?
Stop my cry
Let you go

(Cry, Cry)
Hey!

(Cry, Cry)

Hey!

(Cry, Cry)

Hey!
