

# Fight the Good Fight

## The Diamond Accordion Band

Days grow shorter and the nights are getting long  
Feels like we're running out of time  
Every day it seems much harder tellin' right from wrong  
You got to read between the lines Don't get discouraged, don't be afraid, we can  
Make it through another day  
Make it worth the price we pay The Good Book says it's better to give than to receive  
I do my best to do my part  
Nothin' in my pockets I got nothin' up my sleeve  
I keep my magic in my heart Keep up your spirit, keep up your faith, baby  
I am counting on you  
You know what you've got to do Fight the good fight every moment  
Every minute every day  
Fight the good fight every moment  
It's your only way All your life you've been waiting for your chance  
Where you'll fit into the plan  
But you're the master of your own destiny  
So give and take the best that you can You think a little more money can buy your soul some rest  
You'd better think of something else instead  
You're so afraid of being honest with yourself  
You'd better take a look inside your head Nothing is easy, nothing good is free on earth  
But I can tell you where to start  
Take a look inside your heart  
There's an answer in your heart Fight the good fight every moment  
Every minute every day  
Fight the good fight every moment  
Make it worth the price we pay Every moment of your lifetime  
Every minute every day  
Fight the good fight every moment  
Make it worth the price we pay
