

# I'll Be Fine

Beatrice Eli

I heard you met somebody  
I heard she makes you happy  
I really hope she's not prettier than me  
And if she is  
I hope at least she's crazy While you're at it why  
Not go that extra mile  
You should let her have your heart  
Do that whole thing 'til God do us part  
You should get a big old house  
Where your kids can run around  
Don't think of me  
I'll be fine I thought we'd be forever  
Like we would die together  
Now I'm out chasing girls who can't commit  
While you're getting busy with your new brunnette But all that aside  
I'm happy that you're moving on  
I'm gon' find somebody too  
A hundred times better version of you  
My love's gon' be like  
You've never been in my life  
Don't think of me  
I'll be fine Oh I'll be fine  
Oh I'll be fine  
Oh I'll be fine  
Oh I'll be fine Don't need your sympathy  
I'm doing great  
Life's a party  
Yeah happy days No don't you pity me  
I'll be ok  
Life's a party  
Yeah happy days Oh I'll be fine  
Oh I'll be fine  
Oh I'll be fine  
Oh I'll be fine
