

# Leggo

B.Smyth

Yeah, Leggo, Leggo, 2 Chainz  
Girl, you look exactly like my type  
I dont know who you came with tonight  
But I can make your life a little better if you leave with me, yeah!  
Cause aint nobody fresher in my sleeves to write  
If you say you're man is better, than Ill know youre a liar  
We can get together, doing whatever you can think of,  
Believe me, girl!  
Your body's telling me things your lips won't say  
And what I got, got to feelin', yeah you cant wait no more  
I know Im gon' get more than your name, is getting Heavy  
It seems like you're, dont play with it, girl!Chorus:  
Leggo, its about that time, girl  
How bad you want it?  
Leggo, hey girl, youre a problem  
I know I can solve it!  
Leggo, treat my body like a stage  
Wanna see how you perform  
Leggo and we can go all night until the morning!  
Leggo! Leggo, leggo, leggo!  
Leggo! Leggo, leggo, leggo! I know I look exactly like your type  
And I can leave with any girl here tonight  
But I dont really see nobody else but you, but you girl!  
From the second I stepped, you caught my eye  
From the minute I saw you, you've been on my mind  
Looking at my wrist, its about that time, what you wanna do, girl?  
Your body's telling me things your lips wont say  
And what I got, got that feeling, yeah you cant wait no more  
I know I'm gonna get more than your name, is getting Heavy  
It seems like you're ready, dont play with it, girl!Chorus:  
Leggo, its about that time, girl  
How bad you want it?  
Leggo, hey girl, you're a problem  
I know I can solve it!  
Leggo, treat my body like a stage  
Wanna see how you preform it  
Leggo and we can go all night until the morning!  
Leggo! Leggo, leggo, leggo!  
Leggo! Leggo, leggo, leggo! Yeah, 2Chainz!

C note, kiss my ego  
Denzel Washington mixed with Al Pacino  
We know, everywhere we go  
Black and white things with me, tuxedo  
I am getting to the fritos  
Its the dope corner, same corner as the kilo  
Slow it down, full speed ahead  
Your bottom of your shoes are even red  
Got numerous positions in the bed  
I think we gonna need another spread  
And if your friend aint pitchin' in  
Then we gonna need another friend  
Get your love on blast, I aint turning down  
Thats my prerogative like bobby brown  
What goes around comes back around  
And back in town!Chorus:  
Leggo, its about that time, girl  
How bad you want it?  
Leggo, hey girl, youre a problem  
I know I can solve it!  
Leggo, treat my body like a stage  
Wanna see how you perform  
Leggo and we can go all night until the morning!  
Leggo! Leggo, leggo, leggo!  
Leggo! Leggo, leggo, leggo!
