Indigo Trigger

Twiddle

What if we could walk on the bottom of the ocean
Feel the water up above us like an ever-flowing motion
I think I'd rather take a bike ride rolling to the stars
Pedal straight to the moon hopping puddles in the dark
Yea I'm popping moon rocks like a planetary shark
Jump the womrhole through the portal it's a universal art
It's our momentary motion uncontrolling life's emotion
Like a solitary potion holding back the world's devotionYeah at last I'm gonna shout it out loud
Everybody knows what I'm talking about
Yea you know what's good so keep on listening
On the side of the road flew two metal birds
Three lights spinning bright
Hopping stars out of the shadow land
Yeah you know they're waiting and listening
To what you're thinking
Can I take a what if mix it with a what is
Flip it with a could be to formulate my dream
Than it needs to wake up check the new agenda
Throw it in a blender to bend reality
Focus as a function untangled mixed decisions
Wrapped up in velvet notions unwilling to be seen
The poor have taken power the king has lost his valor
Uneducated flowers mistakes will lead to doomYeah at last I'm gon' shout it out loud
Everybody knows what I'm talking about
Yea you know what's good so keep on listening
On the side of the road flew two metal birds
Three lights spinning bright
Hopping stars out of the shadow land
Yeah you know they're waiting and listening
To what you're thinking
Aborting by the hour our ability gone sour
Our fertility in danger making babies out of tubes
When nature is affected abused and than rejected
Corroded and infected by constant human needs
Injected and protested our president molested
Denied and than projected by all the gray haired means
A land that's been divided should share each other's knowledge
A common thread that binds us together well succeedAt last I'm gonna shout it out loud
Everybody knows what I'm talking about

Yea you know what's good so keep on listening
On the side of the road flew two metal birds
Three lights spinning bright
Hopping stars out of the shadow land
Yeah you know they're waiting and listening
To what you're thinking
