Cycling Trivialities

JosÃ‰ GonzÃ•lez

Too blind to know your best
Hurrying through the forks without regrets
Different now, every step feels like a mile
All the lights seem to flash and pass you by

So how's it gonna be
When it all comes down, cycling trivialities

But don't know which way to turn
Every trifle becoming big concerns
All this time you were chasing dreams
Without knowing what you wanted them to mean

So how's it gonna be
When it all comes down, cycling trivialities
So how's it gonna be
When it all comes down, cycling trivialities

Who cares in a hundred years from now
All your small steps, all your shitty clouds
Who cares in a hundred years from now
Who'll remember all the players
Who'll remember all the clowns

So how's it gonna be
When it all comes down, cycling trivialities
So what does this really mean
When it all comes down, cycling trivialities

Cycling trivialities
Cycling trivialities
Cycling trivialities
Cycling trivialities

Cycling trivialities
Cycling trivialities
Cycling trivialities
