

# Shut Your Mouth

## The Ordinary Boys

Go to sleep little baby  
And shut your mouth  
It will soon be over  
Gonna work things on out  
Can you say a good word about us?  
Can you say a good thing, good thing?  
Can you say a good word about us?  
Can you say a good good good good thing?  
Go to sleep little baby  
And shut your mouth  
It will soon be over  
Gonna work things on out  
Out...  
Can you say a good word about us?  
Can you say a good thing, good thing?

Can you say a good word about us?  
Can you say a good good good good thing?  
Ooh, ooh, ooh

Can you say a good word about us?  
Can you say a good thing, good thing?  
Can you say a good word about us?  
Can you say a good good good good thing?  
Can you say a good word about us?  
Can you say a good thing, good thing?  
Can you say a good word about us?  
Can you say a good good good good thing?  
Can you say a good word about us?  
Can you say a good thing, good thing?  
Can you say a good word about us?  
Can you say a good good good good thing?
