

I Will Pray

Kmfdm

Black man, white man
Rip the system
Black man, white man
Rip the system
I'll pray and pray
That your country
Undergoes recovery
Use the power
Taste the bliss
Harvest salvation
Now is the time
Get on the right side
Escape your old life
Of bondage
And sin
Now is the time
Get on the right side

Raise your head
From the ashes
From the fire
Now is the time
Get on the right side
You'll be godlike
You'll be godlike
Und so werde ich beten
Und abermals beten

Auf dass euer land eine genesung erfahren wird
Und ihr eure macht nutzen werdet
Gluckseligkeit zu sehen
Und das heil zu ernten
Now is the time
Get on the right side
You'll be godlike
You'll be godlike
You'll be godlike
You'll be godlike
