Ride

Puya

GoThis is the Puya coming straight to ya
This is the Puya coming straight to yaDon't tell me no lies, don't give me no shit
Just listen to this
It's the original fusion from the island BorinquenUncover your mind uncover your ears
So you can see something real
That might be new to you
But we've been doing it for 10 yearsI'm gonna have to, I'm gonna have to
I'm gonna have to lay it clear
You're gonna have to, you're gonna have to
Go beyond listeningRide, you gotta ride, you gotta ride
Ride this wave
Ride, c'mon and ride
Don't care where it endsRide, c'mon and ride, you gotta ride now
Ride this wave
'Cause the ride's what countsThis is the Puya coming straight to ya
This is the Puya coming straight to yaDon't fuck with nature, don't fuck with nature
What's so hard to understand 'bout that
When you mess with creation you mess with the "big one"
Puya don't buy no man made salvation
We enjoy playing our music regardless of destinationI'm gonna have to, I'm gonna have to
I'm gonna have to lay it clear
You're gonna have to, you're gonna have to
Go beyond listeningRide, you gotta ride, you gotta ride
Ride this wave
Ride, c'mon and ride
Don't care where it endsRide, c'mon and ride, you gotta ride now
Ride this wave
'Cause the ride's what countsIt's been a long ride
That's right, c'mon
It's been a long ride
Get up, c'monI'm gonna have to, I'm gonna have to
I'm gonna have to lay it clear
You're gonna have to, you're gonna have to
Go beyond listeningJust ride, c'mon, c'mon and ride
Ride this wave correla, correla
Don't care where it endsWe're gonna ride, we're gonna ride,
C'mon and ride, c'mon, c'mon
Ride this wave
'Cause the ride's what countsIt's been a long ride

We're gonna take you on a ride
I said get up now
We're gonna ride
