

My Party

DJane HouseKat

(feat. Rameez)

Party people, wanna see your hands up
Dj HouseKat and the place to be
If you wanna know me, Rameez
We can ... out, you can see what we're all about
Make the move and turn it out
Now ...now squeeze

I'll be coming in like ...
Hear that boom, hear that pow
See your girl's in the room
Looking at me, she's like wow
Throw my shades down low, call me Stevie Wonder
I'ma hit the dance floor so let's, let's all ...
...electronic, supersonic... boom boom pow
Move you body happy feet, I'll be ... out my sleep...

Party people, my body, your boy, everybody join the party
My body, your boy, everybody join the party
My body, your boy, everybody join the party
My body, your boy, everybody join the party
Shake that thing, shake that body
Shake that thing, shake that body
My body, your boy, everybody join the party
My body, your boy, everybody join the party
Shake that thing, shake that body
Shake that thing, shake that body for me
My body, your boy, everybody join the party
My body, your boy, everybody join the party
My body, your boy, everybody join the party
My body, your boy, everybody join the party

I'll be drinking, I'll be drinking, I'll be smurfing till the...
I just wanna hear you scream, we gonna tear this club down
... in my cup, ... rocking up...let's all
I want this girl on, I want this girl on me
Straight to the after party, maybe 1,2, or 3

My body, your boy, everybody join the party

My body, your boy, everybody join the party
My body, your boy, everybody join the party
 Shake that thing, shake that body
 Shake that thing, shake that body
My body, your boy, everybody join the party
My body, your boy, everybody join the party
 Shake that thing, shake that body
 Shake that thing, shake that body for me
My body, your boy, everybody join the party
My body, your boy, everybody join the party
My body, your boy, everybody join the party
My body, your boy, everybody join the party
