

# Shame Shame Shame

## Blue System

Oho, oho, oho  
It feels like I'm in love  
Oho, oho, oho, ohoIt's a shame shame shame  
That you're leaving me again  
(I make love to you)  
It's a shame shame shame  
That this night will ever end  
I make love to youI give you just my heart and soul  
But I'll never let you go  
I give you all what I have got  
Just to have you in my heart
