

# The Slightest Touch

## Five Star

Oooh, the slightest touch...  
Oooh, the slightest touch...I thought I knew how to handle my emotions  
Until you lit the fuse that triggered the explosion  
Mm, you turn me on with the power of electric love  
And now I can't get enough  
Turn the voltage up, ooh oohThe slightest touch  
And I go crazy with desire (desire, desire)  
The slightest touch  
Can bring me to my knees, yeah  
Watch what you touch  
'Cuz I'm a real live wire (real live wire)  
And the slightest touch  
Is heavy on me  
So, so heavyYou turn me into a raving maniac, oh uh uh uh  
Like a locomotive, you keep me on the right track  
Mm, you got my senses tuned to your remote control  
You put a spark in my soul  
Now I'm too hot to holdThe slightest touch  
And I go crazy with desire (desire, desire)  
The slightest touch  
Can bring me to my knees, yeah  
Watch what you touch  
'Cuz I'm a real live wire (real live wire)  
And the slightest touch  
Is heavy on me  
So heavyThere's one thing that you should know  
I'm about to lose my self-control  
So come a little closer  
No, closer than that (closer than that, closer than that)  
Touch me that's where it's at, yeah yeah mmmThe slightest touch  
And I go crazy with desire (desire, desire)  
The slightest touch  
Can bring me to my knees, yeah  
Watch what you touch  
'Cuz I'm a real live wire (real live wire)  
And the slightest touch  
Is heavy on me  
Oh oh oh oh ohThe slightest touch  
And I go crazy with desire (desire, desire)

The slightest touch  
Can bring me to my knees, yeah  
(to my knees, yeah yeah)  
Watch what you touch  
'Cuz I'm a real live wire (real live wire)  
Oh oh woh  
And the slightest touch  
Is heavy on me, oh oh woh (oh oh woh)  
The slightest touch  
And I go crazy with desire
