Make Up Your Mind

Val Young

I already sent the lyric for "Waiting For You" recently so I have many of them that came from the LP of Val Young - Seduction. Here these are:

Mind Games
Mind games
Mind games
Why don't you tell me baby?
What is on your mind?
'Cause things have been real strange
For the longest time
Don't you think it's time to open up your mind?
'Cause boy, good love like mine
Is so hard to find
Don't play those mind games on me
If I'm the one that you love
Don't play those mind games on me
If I'm the one that you love
My friends all say I'm crazy
For staying with you all this time
They'll never break us up
I'm never giving up
Nothing's gonna separate us
'Cause I believe in you
In all the things that you do
I'm never gonna leave, yea
Never, never, never
I'll always love you
Don't you know that baby?
Don't play those mind games on me
If I'm the one that you love
Don't play those mind games on me
If I'm the one that you love
Mind games
Mind games
Don't you dare play around?
Don't play those mind games on me
If I'm the one that you love
Don't play those mind games on me
If I'm the one that you love
Don't play those mind games on me

If I'm the one that you love
Don't play those mind games on me
If I'm the one that you love
I'm the one you love
Don't play those mind games on me
Don't you dare play around?
Don't play those mind games on me
Don't you dare play around?If You Should Ever Be Lonely
If you should ever be lonely
Think of the time
Think of the moments we shared
If you should ever be lonely
Think of the time
Think of the moments we shared
I've been thinking 'bout the way
You haven't treated me right
And I've been dreaming 'bout you
Baby, I can't sleep at night
'Cause you know how I feel
Inside my heart
We shouldn't be apart
And I wonder what's running
Inside your mind
You're starting to make me cry
If you should ever be lonely
Think of the time
Think of the moments we shared
If you should ever be lonely
Think of the time
Think of the moments we shared
You can't lie to me baby
'Cause you're not good at lying
At lying
I can see through you baby
Right through your eyes
Your eyes
'Cause we know
How we make each other feel
We shouldn't be alone
So why don't you call me baby?
Pick up the telephone
If you should ever be lonely
Think of the time
Think of the moments we shared
If you should ever be lonely

Think of the time
Think of the moments we shared
There's been so many times
You've done me wrong
And I've forgiven you
So why don't you come on, baby
You know we can see this through
If you should ever be lonely
Think of the time
Think of the moments we shared
If you should ever be lonely
Think of the time
Think of the moments we shared
If you should ever be lonely
Think of the time
Think of the moments we shared
If you should ever be lonely
Think of the time
Think of the moments we shared
Think of the times
The moment we shared
Think of the times
The moment we shared
Think of the times
Think of the moments we shared
If you should ever be lonely
Think of the time
Think of the moments we shared
If you should ever be lonely
Think of the time
Think of the moments we sharedLet's Fall In Love
Let's fall in love
Tell me that you'll always be mine
Let's fall in love
Tell me that you'll always be mine
Midnight and you
Table for two
Your lips sweet as cherries
On the vine
Boy you're so sexy
You're blowing my mind
Midnight and you
What shall we do?
Let's take a ride tonight to your place or mind?
Let's fall in love

Tell me that you'll always be mine
Let's fall in love
Tell me that you'll always be mine
You're standing over here
You're looking so fine
Yes, you know you are
All the girls are looking at ya
But I'm gonna get ya
Got to have your love
Yes, you know I do
And you know that's a fact
All night long
I'm thinking about you baby
And I want to take you home
Let's fall in love
Tell me that you'll always be mine
Let's fall in love
Tell me that you'll always be mine
Let's fall in love
Tell me that you'll always be mine
Let's fall in love
Tell me that you'll always be mine
(Repeat to end)Tellin' Me Lies
There's something 'bout the way
That you been acting, baby
I don't know what's wrong with you
Won't you tell me?
'Cause you been runnin' around all over town
Messin' with all the girls that I knew
When you know it ain't right
You keep on tellin' me lies
And not doin' me right
Why you wanna do it?
Don't hide your face in the bushes
Bring it to the light
And we still remain friends
I went to the restaurant down the street
I saw you in somebody else's arms
You told me she was just your friend
And that you know it was the end
If I found out
Didn't have to tell me lies
Could have told me the truth
And I would not be upset
You keep on tellin' me lies

And not doin' me right
Why you wanna do it?
Don't hide your face in the bushes
Bring it to the light
And we still remain friends
You tell me
Over and over
And over and over again
Keep tellin' me lies
(Repeat 1 time)
I was always there every night
To stand by your side
You know I was
Could have came to me and told me
That you wanted to be with her
Didn't have to lie to me
You keep on tellin' me lies
And not doin' me right
Why you wanna do it?
You keep on tellin' me lies
And not doin' me right
Why you wanna do it?
You keep on tellin' me lies
There will be no more lies
There will be no more lies
Keep on tellin' me lies
And not doin' me right
Why you wanna do it?Come Hang Out
There's a party going on tonight
Everybody's gonna be there
Don't be late
Or you will miss what's going on
We're gonna have all kinds of things to do
And dance all night to the sounds
Come hang out, come hang out
Come hang out, come hang out
Or you will miss it
There's a party going on tonight
Everybody's gonna be there
Don't be late
Or you will miss what's going on
We're havin' all kinds of things to do
And dance all night to the sounds
Come hang out, come hang out
And dance to the music, yea

Come hang out
And everybody's gonna be there, yea
Let's have fun
Everybody's having fun
Everybody
Everybody's having a good time
Let's have fun
Everybody's having fun
Everybody
Come hang out, come hang outCome hang out, come hang out
Or you will miss the party, baby
Come hang out, come hang out
And dance to the music, yea
Come hang out, come hang out
And everybody party
Let's have fun
Everybody's having fun
Everybody
Everybody's having a good time
Let's have fun
Everybody's having fun
Everybody
(Repeat 1 time)
Come hang out, come hang out
Come hang out, come hang out
Or you will miss the party, baby
Play your guitar, Kenny!Seduction
Seduction, seduction
Seduction, seduction
Is there any way at all
I can tell you boy how much I want you?
Should I swing and sway my body to rhythms deep inside your mind?
And when you finish looking
Will you come leaping to attention?
Take me in your arms and make love to me boy, everywhere
Seduction
Of my love
Seduce you with my charms
Seduction
Seduction
Of my love
Seduce you with my charms
Seduction
Seduction
Seduction

Is there any way at all I can show you
Just how much I need you?
And if you give me half a chance
I will do anything for you this time
'Cause there's a feeling
In my heart
And there's no need for me to tease you
So if you're ready
For some lovin'
Then come on baby and be mind
Seduction
Of my love
Seduce you with my charms
Seduction
(Repeat 3 times)
You've been looking at me
Like you're hungry for love
What must I do to make you move on me?
Seduce you
With my eyes
And my lips
And my charms
Seduce you
With my eyes
And my lips
And my charms
Seduction
Of my love
Seduce you with my charms
(Repeat 5 times)
My body's waiting to hold you
My arms they want to enfold you
I've got the power for hours and hours
To love you
Seduction, seduction
My lips are longing for kissin'
Girl, you don't know what you're missin'
Passionate pleasure
Girl, you're sure to treasure
Just love mePiece Of My Heart
Why do you want to hurt me?
After what I've given you so long
Why do you just desert me?
Leaving me alone at night to cry?
Baby

A piece of my heart is gone
And I'm so lonely
A piece of my heart is gone
I still love you only
A piece of my heart is gone
Bring it home
Bring it home, yea
Why do you hang on to me?
And just like a fool
I cling to you
Why don't you listen to me
and realize this pain
you take me through, baby?
A piece of my heart is gone
And I'm so lonely
A piece of my heart is gone
I still love you only
A piece of my heart is gone
Bring it home
Home, yea
A piece of my heart is gone
A piece of my heart is gone
A piece of my heart is gone
And it never will return, no, no
A piece of my heart is gone
And it never, never, never, never ever return, no
A piece of my heart is gone, it's gone
A piece of my heart is gone
A piece of my heart is gone
And I'm so lonely
A piece of my heart is gone
I still love you only
A piece of my heart is goneWaiting For You
I called you up on the telephone
But you wasn't there
I thought and called your mother's house
Looking for you everywhere
So I decided to go out
And have myself some fun
'Cause when you didn't come by
I knew I was not your only one
Waiting for you
I'm hoping that you'll come by
And see me sometime
Waiting for you

I'm hoping that you'll come by
And see me sometime
I walked up to you at the club
But you didn't care
You seem to keep right on ignoring me
You didn't even stop and stare
So I decided to go on
And have my fun
Now I realize
You wasn't by my side
Knowing I was not your only one
Waiting for you
I'm hoping that you'll come by
And see me sometime
Waiting for you
I'm hoping that you'll come by
And see me sometime
So I decided to go out
And have myself some fun
'Cause when you didn't come by
I knew I was not your only one
Waiting for you
I'm hoping that you'll come by
And see me sometime
Waiting for you
I'm hoping that you'll come by
And see me sometime
Waiting for you
I'm hoping that you'll come by
And see me sometime
Waiting for you
I'm hoping that you'll come by
And see me sometime
(Repeat and fade)Make Up Your Mind
You better make up your mind
If you love me or you don't
Don't waste my time
Is it the other girl that you want?
I've been loving you
For quite a long, long time
But you're so busy messin' around
The gossip's all over town
And if you want me baby
Won't you tell me
You've got to let me know

Stop playing with my mind
And if you love me, baby
You've got to let it show
Make up your mind
If you love me or you don't
Don't waste my time
Is it the other girl that you want?
First time I saw you
I felt love at first sight
I knew you were the one for me
Let there be no question
'Cause I'm the kind of girl you want
And I've sure got what you need
I'll be your lovin' baby
Satisfaction guaranteed
I don't know why don't ya make up your mind
If you love me or you don't
Don't waste my time
Is it the other girl that you want?
So you decide
That you're letting me go
There'd be no reason to stay
So I'll be on my way
You better make up your mind
If you love me or you don't
Don't waste my time
Is it the other girl that you want?
You better make up your mind
If you love me or you don't
Don't waste my time
Is it the other girl that you want?
You better make up your mind
If you love me or you don't
Don't waste my time
Is it the other girl that you want?
Thank you! :-)
