

# Alright for Now

**Tom Petty**

Goodnight baby, sleep tight my love  
May God watch over you from above  
Tomorrow I'm workin' what would I do  
I'd be lost and lonely if not for you So close your eyes  
We're alright for now I've spent my life travelin'  
Spent my life free  
I could not repay all you've done for me So sleep tight baby  
Unfrown your brow  
And know I love you  
We're alright for now  
We're alright for now
