

# Say It

## Houndmouth

Say it like you mean it  
Say it like you do  
She like the way it move  
Say it like you know it  
Say it like you knew  
She like the way it move I got eyes on you  
You got eyes on me (times 2) Say it like you mean it  
Say it like you mean it  
'Til you believe 'Til you believe  
That you're an ace in the hole  
An ace in the hole  
You ain't been happy for about a year  
Cuz your expectations are way up here  
Shoot low. Shoot low Oh, baby yeah  
Oh, baby no  
She like the way it goes Oh, baby go  
You gotta lock and load  
She like the way it goes I got eyes on you  
You got eyes on me (times 2) Say it like you mean it  
Say it like you mean it  
'Til you believe 'Til you believe  
That you're an ace in the hole  
An ace in the hole  
You ain't been happy for about a year  
Cuz your expectations are way up here  
Shoot low. Shoot low Get down Marie Anne  
You got caught up here in the dead pan, Ho  
And it's back to Bowling Green  
With your short blonde hair and your tight  
Blue jeans  
Well, I ain't the music man  
That you thought I was in the marching band  
You have eyes like a dame  
I curse the lord for 'em but he ain't to blame Say it like you mean it  
Say it like you mean it  
'Til you believe 'Til you believe  
That you're an ace in the hole  
An ace in the hole  
You ain't been happy for about a year

Cuz your expectations are way up here  
Shoot low. Shoot low Say it like you mean it  
Say it like you mean it  
(Times 8)
