

Warlocks (Album Version)

Red Hot Chili Peppers

Warlocks in wonderland
I've gotta megatropolis in my hand
And a, subterranean marching band
Makin' noise for the man in the Vatican
And a little package and off we go
Oh, ticky ticky tackita tic tac toe
I know, everybody's Eskimo
We've got another thing coming
And that's our show, well Every night I go looking for you
Everyone in the world adores you
A little pocket of something kind
To find your reason
Coming up on it everyday for
Look at me and it's what I stay for
A little locket of fantasy
That we believe in Lilacs and contraband
I've got Santa Monica in my hand
A little, Beatlemania when I can
And I've got two big bags of old Japan Ring side and blow-by-blow
Another, main event at the old rainbow
We're comin', right on top of the tupelo
When she looks just like Brigitte Bardot Every night I go looking for you
Everyone in the world adores you
A little pocket of something kind
To find your reason
Coming up on it every day for
Look at me and it's what I stay for
A little locket of fantasy
That we believe in Make a deal with Uncle Weezer
Sign your name to claim
China Chow will try to please her
Sweetness came from Jane Warlocks in wonderland
I've gotta, Rockapotamus in my hand
With a, happy ending that's made of sand
With a little bit of lovin' is all I can Every night I go looking for you
Everyone in the world adores you
A little pocket of something kind
To find your reason
Coming up on it every day for

Look at me and it's what I stay for
A little locket of fantasy
That we believe in Every night I go looking for you
Everyone in the world adores you
A little pocket of something kind
To find your reason
Coming up on it every day for
Look at me and it's what I stay for
A little locket of fantasy
That we believe in
