Undertaker

M. Ward

U ne la nv I u me tsi
I go ga gv he I
Hna quo tso sv wi yu lo se
I ga gu yv ho nv
Under what spell the guiding light
Betook the undertaker
Under whose gaze did fall such evil blunder
Characters of flamen eyes
Eager to burn the wooden castle
Eager to wet the paper heart of children birds

The aching starlet
The singing sinew
The whining ghost
Brutal wind of snowy harlot
Chafen mine eyes
A sandpaper kiss
Bloody rosen my cheek
Purple kiss of stardust
Pink balloon of time
Candied on the inside
Baby pit bull butterfly
Do da do da do dah do dah
